"Sea For Miles"

\$789,000

"Sea for Miles", your prescription for Wellness & Relaxation. Pack the bags & grab the beach towels cause you're getting out of the city and it's just what the doctor ordered. An interesting & immaculate home in an idyllic setting w/ stunning views over Hirtle's Beach & out to the horizon. The 3 bed/3 bath home is compact but the open design, large windows & cathedral ceiling on the main floor create a sense of light & space where every window frames an ever changing vista. Thoughtful landscaping works w/ the natural hillside setting. Native plants provide a haven for birds & bird watchers alike and cradle the house with the textures & colours of nature, while a perimeter of mature evergreen trees ensures privacy. Inside, on the main level, the galley kitchen, dining & living areas work together to create a cohesive flow. With a front covered deck & a larger south-facing side deck, the ocean views are never far away. Another deck on the upper side of the house is a serene garden oasis w/ firepit, outdoor shower, & alluring ocean views. In the cooler months, a toasty woodstove adds to the ambiance, and there's a main level full bath for convenience. A private primary bedroom suite occupies the whole 2nd floor and features a 3-piece bath w/ soaker tub under a skylight. An oceanside window ensures a great night's sleep w/ the sound of gently rolling surf. On the lower level you'll find 2 more good sized bedrooms, a 3rd full bath, laundry & storage rooms, & a walk-out to the lower lawn & driveway. Outside, a solid & spacious shed provides storage for tools, toys & firewood. With a full bath on each level & updated systems, the house is not just stylish but practical & easy to maintain. With almost as many outdoor spaces to sit & breath in the salt air as there are indoor spaces, you'll have a hard time deciding what vantage point you like best. Take 3 minutes and walk to the beach, or grab a coffee and sit on the deck

because you can hear the waves and Sea for Miles!
